Hi all,

I've got some new opportunities for working with the AONB that I would like to tell you about.

AONB Management Plan Consultation

The Mendip Hills AONB Management Plan is being reviewed and the AONB would like to include the members of the facilitation fund as a focus group to contribute to forming the new plan. The management plan could become quite important in the future as it sets out landscape character objectives for the area which are likely be linked into local priorities for the new agri-environment scheme and so it would be in your interests to contribute to the consultation. The AONB will be holding a meeting just for the group on Wednesday 24th October and I would urge you to attend if you can. We are ironing out the details for a venue and format, which I will update you with later but for now it is important that we get a time in our diaries. Please follow the link to this [doodle poll](#) and indicate your preferred time.

Best wishes,

Ellie
